GRAND RAPIDS FURNITURE MFG. CO.
GRAND RAPIDS, MICHIGAN.

The Advantages you derive in purchasing our goods.

Grand Rapids Furniture Manufacturing Company,

Grand Rapids, Mich.

FIRST—A large variety of new designs, sizes and prices from which to make selection, and a money-saving of from 40 to 75 per cent,

SECOND—Every purchase goes to our customer DIRECT from the FACTORY, brand-new and of the latest design. This advantage obviates the danger you run when buying goods from the dealer, viz.: They may be shop-worn, old style, or out-of-date pieces.

THIRD—Our goods are of the highest quality, being made of carefully selected material, superior in finish, and construction the finest possible. Our customers can thus feel assured that they are getting strictly high-grade furniture for the least expenditure of money,

FOURTH—The cuts shown in our catalogue are all reproduced from photographs, thus guaranteeing accurate illustrations. However, it is impossible, in cuts, to show the beauty of coloring, elegance of finish and exquisite grain or "flake" of our goods—they must be seen to be fully appreciated. And for this reason we are glad to ship them ON APPROVAL in accordance with cur guarantee on page one.

FIFTH—Being located, as we are, in the furniture center of the world, we are able to secure the best designers, the newest and latest designs, the most skilled mechanics and the most perfect workmanship.

OUR DISCOUNTS, TERMS, ETC.

Grand Rapids Furniture Manufacturing Company,

Grand Rapids, Mich.

THERE is such a marked difference in the quality of furniture that we say to our customers NEVER COMPARE PRICES WITHOUT COMPARING QUALITY. You will always find more difference in the latter than in the former. Our goods speak their own merit—and the matter of comparison is left to your own judgment. OUR TERMS are so liberal and *guarantee so strong* that you run no risk whatever in ordering from us. THE PRICES we quote in our catalogue are similar to those asked by many dealers for *like*, or even *inferior* quality. The extra discount we give is just so much saved to the customer. (See Discount Sheet attached to last page.)

The utmost care is used in packing and we guarantee the safe delivery of all goods to the freight station of the purchaser. We make no extra charge for packing or cartage.

If, upon receipt of our goods and the most careful inspection of same, our customer if not *perfectly satisfied* and does not consider them to be *the best to be obtained for the price paid*, he is at liberty to return them, at our expense, and we will refund his money in full.

If at any time within thirty days from date of order, any customer is for any reason dissatisfied with his purchase, we will refund his money upon receipt of the goods in good condition.

CASH CONCESSIONS—To avoid the expense of an extra office force for the keeping and collecting of a large number of accounts, we will, *when cash accompanies the order*, prepay freight to all points east of and including Minnesota, Iowa and Missouri and north of Tennessee and North Carolina. To points beyond the above limits we will allow a 5 per cent cash discount instead of pre-payment of freight. Otherwise our terms are strictly net, F. O. B. cars factory.

Customers not rated in Bradstreet or R. G. Dun & Co., and who do not include remittance with orders will please furnish bank reference.

For our responsibility, we refer, by special permission, to the People's Savings Bank of this city, or to R. G. Dun & Co.

Concerning the Construction and Quality of our Leather Goods.

Grand Rapids Furniture Manufacturing Company,

Grand Rapids, Mich.

THE PURCHASE OF LEATHER GOODS should not be made without very careful investigation. One cannot make too close inspection of the *quality* of *materials* used and the method of construction; for, upon these two points depend the durability, beauty and permanence of shape.

Unless the very *best* of *materials* and *first-class workmanship* are put into leather goods, they are perhaps the most unsatisfactory of any furniture you can buy—for they very soon lose their beauty and elegant, inviting appearance and are no longer desirable at *any* price.

OBSERVE OUR OFFER—Should any of our leather goods prove faulty in construction *at any time within five years* from date of purchase, we will repair or make good same, to the entire satisfaction of the purchaser.

OUR GOODS ARE SUPERIOR to other leather goods on the market, and we are so confident of this that we give every one of our customers the UNRESERVED PRIVILEGE TO RETURN THEM AT OUR EXPENSE, if, after the very closest inspection and comparison. he does not consider them to be as represented, "*superior*," and the best to be obtained at the low price paid.

We are enabled to sell our high-grade leather goods at so low a price only by shipping DIRECT FROM THE FACTORY, thereby *saving* you the RETAILER'S PROFIT of 40 to 100 per cent.

SPRINGS

One of the main features of the life and shape-retaining qualities, which give to high-grade leather goods that comfortable, luxurious and inviting appearance *depend upon the springs* and the *way* they are *anchored*.

We use in all of our upholstered goods, long, highly oil-tempered, steel springs, securely tied with eight anchors which are firmly fastened to the hardwood frame. All outer edges are supported by a large steel wire connected with each spring, making a substantial and beautiful spring edge which is so admired in all high-grade leather goods. The entire surface of the springs is covered with heavy sail canvas, tightly stretched over same and securely fastened to the frame, thereby producing an even surface and at the same time making all the springs a support for each individual spring. *No other construction is so good.*

All of our leather couches have steel wire-tied springs—No other is so good.

PADDING

The entire surface, as well as all cushions, pillows and tufts of our upholstered goods is filled with long, curled horse hair drawings. For our under padding we use the best grade of southern moss, which is very tough and elastic and is considered the best substitute for hair.

LEATHER

The best machine buffed, genuine leather is the material we use to cover all of our upholstered goods. The tufting is substantially held by leather covered buttons with steel wire shanks, double clasped—can never pull off. Long, leather-headed nails secure the leather to the frame. Genuine leather fringe of the latest designs is used for trimming

All of our upholstering is made strictly by hand, (We use no machine tufting.)
All exposed wood is of the finest selected stock with highest piano polish finish.
Special adjustable, highly tempered, large, noiseless steel springs attach the chairs to base on all of our Turkish Rockers.
Couches and rockers mounted on best, noiseless, ball-bearing casters.

SUGGESTIONS TO OUR DESK CUSTOMERS.

WHEN purchasing a desk there are several things to consider—besides price: material, construction, workmanship, practical features, beauty of design and finish. In all of these points we claim for our desks the highest mark of excellence. We urge the closest inspection and comparison with desks of all other manufacturers, and we feel confident that after such inspection and comparison our customers will readily understand why we are justified in giving such a broad guarantee.

Material and Construction of Desks.

Finest Quarter-sawed White Oak, especially selected for large "flake" rich grain effect.

Finish, Golden Oak, hand rubbed, piano polish.

Handsome, heavy raised panels on back, sides and between pedestals, as described.

TOP.—We use "double-deck" top which gives extra strength and prevents sagging or warping and at the same time presents a very graceful, moulded appearance.

Built-up, 5-ply writing bed. Will positively not warp or split. Carefully selected and matched quarter-sawed white oak, large grain and very highly polished.

Drawers wide and extra long, varnished inside, movable partitions; large drawers partitioned for books. Fronts of all drawers in pedestals are ornamented with solid cast brass or hand carved pulls.

Center drawer very large; has independent flat key lock.

All drawers are supplied with our special anti-friction slide, which insures easy, smooth running—will not stick.

Curtain heavy, easy running, noiseless, dust and knife proof. Special Yale lock with two keys

All drawers in pedestal lock and unlock automatically in roll-tops by action of curtain; in flat-top desk by top drawer, which has special lock. Center drawer has independent flat key lock.

Pigeon-hole case is supplied with boxes as shown in illustration.

Pigeon-hole boxes are 4½ inches wide, 3 inches high and 9 and 11 inches deep, with sycamore bodies or cardboard bodies as described; moulded, quartered oak fronts with bronze label holder pulls. Small drawers are constructed of moulded, quartered oak fronts and hardwood bodies.

Back of pigeon hole case made of 3-ply built-up quartered oak.

Front and back of case rubbed and polished.

We furnish the pigeon-hole boxes with each desk, as shown in illustration, without extra charge.

Material and Construction of Desks—Continued.

Extension slides, long and wide, centers framed and will not warp or split.

Full moulding all around base. Heavy pilasters. All corners neatly rounded.

Casters heavy, easy running, noiseless and ball-bearing.

Backs of all desks are nicely paneled and finished, and present as fine an appearance as front or ends.

Every desk can be easily taken apart to pass through narrow passages.

Very careful attention is given to selection of material, to workmanship and finish.

We Guarantee Each and Every Article

to be Just as Represented, of Highest Grade and first-class in every respect.

Ink Sets furnished free—only with desks so designated. With other desks, if desired, $1.50 net, extra.

This Cut is Back of Raised Panel Desk.

PERFECTION FILING CABINETS.

IT IS an established fact that a good filing cabinet is not a luxury but a necessity. No matter how few letters one may receive, it is a saving of time and money to have them properly filed for ready reference. The "PERFECTION FILING CABINET" is recognized by our customers as being properly named, for it never fails to give *perfect satisfaction*. All of the materials entering into its construction are best quality, making a filing cabinet that is handsome, durable and highly convenient.

Construction and Material of Perfection Cabinet:

EXTRA CHOICE, QUARTER-SAWED white oak, finished golden, piano polish.

TOP is "double-deck" and handsomely moulded.

PANELS, three-ply built-up stock and fit into beautifully moulded stiles.

Artistically moulded base.

The drawer file fronts are finely moulded and have a lip projection all around, making them dust proof when closed; trimmed with nickel plated label holder pulls with black labels printed in gold. Size of file drawers inside, 12x10⅝, by 3¼ inches deep. Each division of interior is closed with a panel, forming a dust proof compartment for each drawer file.

CURTAIN, heavy, easy running and dust proof, trimmed with best lock. (See page 52.)

No. 3 shows the style of all our Cabinets without curtain.

No. 4, a 24-drawer Cabinet, shows the style of all our curtain front cabinets.

Description and Material of File Indexes and Transfer System.

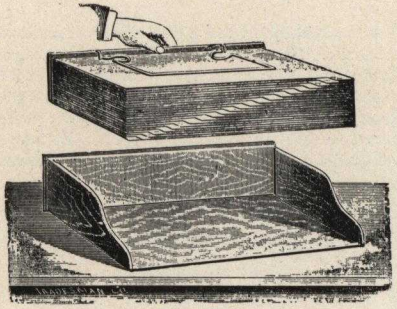
INDEX LEAVES are made of strong, heavy paper, bound to index back at two points and substantially re-inforced to prevent pulling out. The wire, spring steel compressor is attached to a light but strong wood back, which is a part of the file index and transfers complete, to the case. It is only necesary when transferring to lift the binder out of the grooves in the drawer and drop into grooves into transfer case.

This device holds your index when filled as securely when out of the case as when in it.

Transfer cases are substantially made of wood bodies, with heavy cardboard top and bottom, covered with extra quality paper inside and out. Fitted with double hook clasp which securely fastens lid and drop front.

Record sheet on bottom of each drawer, for dates of transfer, making a perfect record of transferred volumes.

Our indexes cost more to make than any other on the market; but they are superior and cheaper in the end. (Cabinets shown on page 51.)



This cut shows how securely the filled Index is held in position when lifted from File Drawer.

ROBERT J. MITCHELL,
The Bee Hive Department Store.

ELIZABETH CITY, N. C.

Grand Rapids Furniture Mfg. Co.,
Grand Rapids, Mich.:

DEAR SIRS: The Turkish couch and rocker have just arrived and I enclose N. Y. Exchange in full settlement of same. I am just delighted with them—they are among the handsomest leather furniture I ever saw. Am sure I shall always be pleased with the purchase, and will enjoy that comfort and luxury which no other furniture can give. I shall take pleasure in recommending your goods to my friends.

Respectfully,
ROBERT J. MITCHELL.

SAPULPA, I. T.

The Grand Rapids Furniture Mfg. Co.,
Grand Rapids, Mich.:

GENTLEMEN: Yours of the 4-29 with bill of lading and receipted invoice received. The desk also reached me in good shape last Thursday. It far exceeds my expectations. Every one who sees it is struck with it. It is far ahead of anything which has ever come here. You certainly gave me a wonderful bargain. Heretofore I was prejudiced against file boxes, but your kind has entirely won me over. Thanking you for the favor,

Sincerely yours, W. WILDER.
